

RC SOLUTIONS

RC SOLUTIONS

ABOUT US

RC SOLUTIONS has continued to expand its resources, focusing on the value of its human capital. This has been done over the years in order to provide our diverse industry and service sector clients with customised quality Manpower resource solutions. It is overseen by a highly qualified professional Manpower specialist with extensive training and experience.

The company recognises and meets the unique personnel requirements of clients in a variety of industries around the world. In a short period of time, we have risen to great heights in terms of size and stature. We have built our core competency in providing manpower services. We provide quality services at competitive prices to our clients based on a basic understanding of market needs.

We provide labour supply services in a variety of industries, including construction, aviation, events, facility management, finance, logistics, hospitality, oil and gas, and healthcare.

We have training, recruitment, and testing facilities from which we recruit skilled, professional, and unskilled workers. RC SOLUTIONS employs highly trained marketing and administrative personnel who have extensive experience in identifying appropriate solutions to various recruitment needs in the construction sector and other industries.
